**The Social Worker's Guide to the Care Act 2014** Jun 04 2021 The Care Act 2014 is arguably the most significant piece of legislation for social workers who work with adults, since the NHS and Community Care Act 1990. This book presents the information from the act, regulations and statutory guidance in a way that provides social workers with a good understanding of the legislation and how it applies to their role. Making extensive use of case examples that derive from the author's experience as a social worker, the book highlights the circumstances where professional judgment is required and explores issues that need interpretation such as significant impact on wellbeing. It covers the key stages of the 'care and support journey' - first contact, assessment of needs, prevention, consideration of eligibility, charging and financial assessment, care and support planning, and review. In addition, other chapters look at significant issues such as safeguarding and working with NHS colleagues. This book helps to improve the 'legal literacy' of social workers, i.e. the connecting of legal rules with professional priorities and ethical practice. It achieves this by helping social workers to better understand the legal framework within which they make professional judgements, and to apply their expertise in interpreting the law for the benefit of people with care and support needs. This readable and jargon-free book provides: a solid foundation for social work students in developing a critical understanding of the Care Act and its application, help for experienced social workers with developing the critical reflection necessary to enhance their ability to make professional judgements a source of reference which social workers can use to evaluate their local systems, policies and procedures.

*Buying a Used Car* Mar 13 2022 Buying a used car is a huge decision, and you will probably need to live with that decision for several years. Fortunately, your friendly, helpful Uncle Wally is here to guide you through the process! *Buying a Used Car - Uncle Wally's Guide*, is your complete handbook for the used-car buying process. Written by a car shopper with 40 years of experience, and packed with over 175 pages of useful information, this book will help you find affordable, reliable transportation. Part textbook, part buying guide, and part "red-flag detector," *Buying a Used Car* moves you to the head of the car-buying class. Here's what you'll learn. Chapter 1 - Big Ideas provides ten important car-buying concepts to help you get mentally ready for success. In Chapter 2 - Setting the Target, you'll narrow your shopping experience to help you get the car you want and need. Chapter 3 - Paying for Your Used Car explains credit scores, financing options, and payment structures. You'll learn how to determine your

monthly payment before you go shopping. In Chapter 4 - Visiting a Car Lot, your Uncle Wally will tell you what to expect when you start looking at cars. Chapter 5 - Selecting a Used-Car Dealer guides you through this critical choice. Chapter 6 - Let's Go Shopping gives you the skills to make you a confident car shopper! In Chapter 7 - Selecting Your Car, you'll narrow down the choices and select the car that fulfills your needs and your wants. Most car shoppers take a test drive. Do you know how to use four of your senses - hearing, sight, touch, and smell - to eliminate a "problem car?" Uncle Wally walks you through this critical step in Chapter 8 - Taking the Test Drive. You will learn how to determine a car's history and its current condition in Chapter 9 - Exploring a Car's Past and Present. Chapter 10 - Arriving at a Price helps you make the best deal on your used-car purchase. Chapter 11 - The Business Office teaches you the language and techniques used after the sale that can inflate your car payment. This chapter alone is worth the price of the book! A car is stolen. A tree falls on another car. A driver gets in an accident with someone who doesn't have insurance. Quick - are you covered? Chapter 12- Car Insurance explains the types of coverage you need, and the best way to buy it. Chapter 13 - After the Purchase helps you take care of your new investment. From the author So, you're ready to buy a used car? Or at least you're thinking about it. Well, I'm your Uncle Wally, and I'm here to help. I've bought over a dozen cars over the last 40 years. Most people decide to buy a car, walk onto a car lot, and leave a few hours later with a huge debt and a vehicle that may or may not suit their needs. In *Buying a Used Car - Uncle Wally's Guide*, you'll walk a different path. Your car expenses - payments, maintenance, and insurance - will likely represent a significant monthly commitment. Buying a car is a major purchase for most of us, and we don't need to make a mistake. If we buy a bad meal, we just don't go back to the restaurant. If our vacation choice isn't fulfilling, we can make different plans next year. But when we buy a car, we're committing to a longer time frame. Because cars depreciate in value, mistakes can be expensive. Returning a car after two months because it doesn't fit your needs can result in a real financial blow. I wish I could be there to help you in person. Because I can't, I decided to write this book. Drive safely, and be well, my friends.

Used Motorhome Buying Guide Mar 21 2020 Are you in the market for buying a used RV? Do you want to purchase a motorhome but aren't sure what to look for? Do you need a helpful guide for how to buy a camper for your next family vacation? Do you want to save money on your RV purchase? You need this used RV buyer's guide! My book, *Used Motorhome Buying Guide*, will teach you everything you need to know about how to purchase a used RV, motorhome, travel trailer, or camper of your dreams. Your new motorhome should fit your needs as best as it can. You deserve to travel in

comfort and style. Armed with the knowledge of how to get the best deal when buying a used RV, you can save precious money and time. This book will give you vital advice and guidance on how to buy a used motorhome. I am a travel writer by trade but a nomad by choice. Traveling the country by RV is one of the best ways to truly experience nature and adventure. I have lived in my share of different types of recreational vehicles, all with their own pros and cons. With this nomadic lifestyle comes the challenges of repairs and maintenance of a home on wheels. This book is the culmination of what I have learned about the best practices of how to buy a used RV. The first section of this book is all about the basic factors of RVs. It is important for you to understand all the basics surrounding motorhomes. I help you understand the different types of motorhomes, the features of each type, and the benefits. We also look at the features to expect in an RV and factors to consider before deciding to buy a used RV. I help you compare the benefits of buying a used RV versus buying a new one. This way, you have a clear perspective on your options. In the second section of the book, you are introduced to RV inspections. When purchasing a used RV, the value you get depends on your inspection process. We help you prepare a detailed checklist of everything you desire in an RV. For you to find an RV that matches your needs, you must start by preparing a detailed list of all your needs and expectations. From this list, I help you figure out the features that are the most important and the ones that are not necessary. In the third section, we focus on testing the features of the RV and authenticating the legality of the ride. For anyone looking to buy a used RV, this is one of the most important sections. You can't get a good deal unless you know how to inspect the used RV and test the features. The book outlines the tricks and tips used to detect faults in the plumbing and electrical systems of the RV. We look at the best way to test drive a used RV and the features to focus on during test drives. We detail the secrets used by RV dealers to hide problems and how to uncover any hidden issues. In the fourth section of the book, we look at all the legal matters that affect used RVs. I help you understand the possibilities of buying an RV that is involved in crime or accidents. We look at some of the ways you can authenticate and verify the legality of an RV. Finally, we look at the risks and precautions involved in buying used RVs. Generally, this last section just helps sum up all the dangers involved in buying used RVs. If you are looking to purchase a used RV, a new RV, or to learn more about RVs, this book is for you. I am sure you have learned a lot, and you are on the path to find the best ride for you and your family. As a BONUS, I have provided you with a detailed checklist to take along with you as perform your pre-purchase inspection. Instructions on obtaining a printable checklist are included. You will want to click "Buy Now" and add this title to your collection and I promise to save you money, headache and frustrations from buying a lemon.
