We live in a world that seems to be on the verge of coming apart. Shootings. Killer viruses. The threat of nuclear war. All of it is just too real. Why does the apocalypse craze in movies and video games appeal to so many people so strongly? One answer is it shows us the primal foundations of our existence. In the same way, what's happening in our world today is moving Christians to return to the foundations of our spiritual existence. Believers everywhere must get back to what matters most. We must always remember that our battle, at its most basic level, is spiritual. So, what are the spiritual tools—the essentials—that Scripture tells us we must remember and use as the end draws near? In *The End Times Survival Guide*, you will discover ten spiritual tools the Bible relates directly to our preparation for the Lord's coming—ten biblical survival strategies to live out in these last days so you and your family can prosper in an increasingly decaying, darkening world. These strategies won't guarantee your physical or financial well-being, but they are guaranteed to bring life and vitality to your spiritual health and welfare as you cling to the immovable rock of God's Word. When life is whittled down to its essence, the real issue is our spiritual condition before God. Discover how you can protect yourself and your family spiritually in these dark days. From Erin Brockovich to Enron, whistleblowers who "challenge abuses of power that betray the public trust" have proven

to be an unfortunate necessity in modern business culture. Their efforts to report crimes, fraud, and dangers to public health and safety have saved millions of lives and billions of dollars of shareholder value – and had we heeded the warnings of whistleblowers, perhaps disasters such as the Bernie Madoff scandal and the Lehman Brothers meltdown could have been averted. Recent federal legislation in finance and health reform have cemented legal protections and mechanisms for whistleblowing. This book provides a thorough guide and history to the whistleblower's legal rights. The ultimate survival guide, it provides advice on getting help and finding allies, warns that retaliation is often the reward for "committing the truth" and shows how to weather the storm. With extensive legal texts, sample letters, resources, and information on upcoming whistleblower reforms, this is the ultimate source on the subject. Short, succinct, and easy-to-read, the Second Edition of NURSING ASSISTANT'S SURVIVAL GUIDE is filled with concrete tips and illustrations designed to teach students the interpersonal skills needed for job success. Thoroughly updated to reflect recent changes in the field, this handy guide includes step-by-step information about how to handle specific problems such as managing job stress, dealing with death on the job, being a good communicator, getting along with your supervisor, relating to family members, working with aggressive residents, and balancing work and family. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. A clear and authoritative guide to life planning Get the big picture with TellerBooks Law School Survival Guides--the DEFINITIVE study aid, with: - Concise overviews of the black letter law—ideal for class prep and exam mastery; - Over 600 case holdings, including all of the major cases that law students are expected to study; - A detailed glossary covering the most frequent terms that students will encounter; - Streamlined outlines highlighting the essentials; and - A thorough, concept-driven index for quick reference to key topics. Look for all of these titles in the TELLERBOOKS Law School Survival Guides Series (Outlines and Case Summaries): TORTS EVIDENCE PROPERTY FAMILY LAW CRIMINAL LAW CIVIL PROCEDURE INTERNATIONAL LAW CONSTITUTIONAL LAW CONTRACTS AND SALES BUSINESS ORGANIZATIONS CONST. CRIMINAL PROCEDURE Next to an EMP attack or an economic collapse, martial law is probably the disaster scenario that preppers and survivalists fear the most. The fears that people have about martial law can be best summed up by Thomas Jefferson, who once said, "a government big enough to give you everything you want, is strong enough to take everything you have." This is exactly what will happen during martial law. But what is martial law, exactly? Basically, martial law means that the government and the military can suspend ordinary laws in a particular area or country, giving them the ability to conduct their own trials, quickly arrest people, and confiscate their possessions. What this means for you is the government can take your rights away and also take away everything you have spent so much time and money on stockpiling. Potential triggers where martial law may be declared include the following: -Uncontrolled Civil Disobedience (violent rioting, protesting, etc.) -War -Natural Disaster -Dictatorship -Cyber Attack -Terrorist Attack -EMP Attack -Nuclear Attack In any one of the above scenarios, government can declare martial law and suspend your rights immediately. Speaking of which, do you know which rights of yours you'll be giving up under martial law? The rights that you will have to give up, include, but are not limited to: -Freedom of speech -Right to a fair trial -Right to keep and bear arms -Freedom to travel -The right to own property/own a home -The rights to your own body During martial law, the government can gain full control of literally everything, including: -Civil Transportation -Fuel/Gasoline -The Water Supply -The Food Supply -Energy -Healthcare Resources -Your Homes and Property -Businesses It should really go without saying that life is going to change dramatically for you as a result of martial law, regardless of which circumstances it is declared under. But in this guide, we will cover the top twenty five lessons on how to survive an extended military and government takeover in your city. "This is brilliant! A must-read for anyone thinking about going into journalism or already there. The recurring Q&A style is really helpful - the author really did pre-empt all my various questions. As someone who is deciding whether to go into journalism or not - this is the only book I have come across so far which has actually been helpful and fun to read at the same time. What I liked best is that the book is fun without being patronising - a lot of journo books are stuffy, outdated or intimidating. Importantly it tackles all the current issues about journalism becoming multi-platform, with advice on blogging etc. And although encouraging, it is realistic enough to make sure you don't see journalism through rose-tinted glasses - it really made me think hard about whether I would survive as a journalist. I would definitely recommend this to anyone thinking of starting out or starting out in journalism - it's essentially a journalism course in a nutshell!" Katherine Lough "The best bit about this book, as opposed to others about journalism (of which there are many), is that it is written in a friendly and non-intimidating style. As a journalism student I have spent many hours poring over books that judge me for wanting to write about the 'soft stuff', whereas Synge actually gives tips on how to break into celebrity gossip or arts reviewing. The advice sections from real working journalists in different sectors and publications are really helpful, as they give a (realistic!) insight into the profession and hold up all the best bits, while conveying the disadvantages to life as a scribe. Synge's tips and hints are relevant, especially the bits about online journalism and how journalists have to be multi-skilled today. What I found most interesting was the chapters on freelancing ... Overall, I would recommend this book to anyone hoping to be a journalist, studying to be a journalist or working as a journalist." H Stuart This essential survival manual to print and online media journalism explores the personal qualities and skills needed to break into this exciting but often uncertain field. It considers the current state of expanding media, routes into the industry, and the pros and cons of being a staff journalist or freelance. Helpful coverage includes: Practical hands-on advice on news and feature writing plus specialist areas such as profile writing, reviewing and blogging Useful tips and advice from top working professionals Up-to-date information on where the best opportunities are Exercises, easy-to-follow checklists and short Q&A sessions The author draws on his own extensive experience in the field and suggests useful links to organisations that specialise in helping aspiring journalists to survive through those difficult first months and years. The Survival Guide to Journalism is an essential reference for any aspiring journalist. It will be key reading for journalism students and anyone interested in making a living through their writing and editorial skills. Help gifted children realize they're not alone, they're not "weird," and being smart is a bonus, not a burden. Based on a survey of 1,000 gifted kids, this retitled edition of the classic Gifted Kids' Survival Guide is fully updated with the latest research. Readers learn how to cope with high expectations, perfectionism, labels, bullying, friendships, and more. Upbeat, informative, friendly, and compact, The Survival Guide for Gifted Kids is a must for young gifted children. At a time when many school gifted programs are scaling back, it's more important than ever for kids to have this essential guide to growing up gifted. Covers common-law marriages, child custody, gay and lesbian couples, estates, inheritances, AIDS and the law, prenuptial agreements, and support and property division laws "[Chertkow and Feehan] are the ideal mentors for aspiring indie musicians who want to navigate an ever-changing music industry." -Billboard Magazine Newly revised and expanded, the acclaimed handbook for musicians looking to write, record, and promote without a label More musicians are recording, distributing, marketing, and selling their own music now than ever before in history. The Indie Band Survival Guide is the critically-acclaimed, do-it-yourself modern classic that has been telling them how for years. In this up-to-the-moment edition, musicians and web gurus, Randy Chertkow and Jason Feehan, cover everything musicians need to know. Drawing on their in-the-trenches experiences, they tell musicians how to: - Sell on iTunes, Amazon, and Spotify - Get played on radio, podcasts, and blogs - Effectively market on Facebook, Twitter, and YouTube - Copyright, license, and make money - And much more This information exists nowhere else. Chertkow and Feehan are pioneers in using the Internet to do what only labels could do in the past and will help your band go from garage to global. Historically, women have had to contend with harassment, discrimination, and unequal treatment on the job. Addressing these concerns, attorney Sack (The Lifetime Legal Guide, LJ 8/96) aims to give women information on their employment rights and the tools to use those rights to protect themselves. From the interview to termination of employment, he gives solid advice on handling a variety of situations and fully explains the rights and responsibilities of both employers and employees regarding such timely topics as pre-employment testing, illegal interview questions, access to employment records, or retaliatory acts by employers. Numerous checklists and sample letters

may help readers state a claim for discrimination, draft a letter of resignation, create a consulting agreement, or conduct a sexual harassment investigation. A useful, solidly conceived work; recommended for most public libraries. If a picture is worth a thousand words, then it's a good bet that at least half of those words relate to the picture's copyright status. Art historians, artists, and anyone who wants to use the images of others will find themselves awash in byzantine legal terms, constantly evolving copyright law, varying interpretations by museums and estates, and despair over the complexity of the whole situation. Here, on a white—not a high—horse, Susan Bielstein offers her decades of experience as an editor working with illustrated books. In doing so, she unsnarls the threads of permissions that have ensnared scholars, critics, and artists for years. Organized as a series of “takes” that range from short sidebars to extended discussions, *Permissions, A Survival Guide* explores intellectual property law as it pertains to visual imagery. How can you determine whether an artwork is copyrighted? How do you procure a high-quality reproduction of an image? What does “fair use” really mean? Is it ever legitimate to use the work of an artist without permission? Bielstein discusses the many uncertainties that plague writers who work with images in this highly visual age, and she does so based on her years navigating precisely these issues. As an editor who has hired a photographer to shoot an incredibly obscure work in the Italian mountains (a plan that backfired hilariously), who has tried to reason with artists' estates in languages she doesn't speak, and who has spent her time in the archival trenches, she offers a snappy and humane guide to this difficult terrain. Filled with anecdotes, asides, and real courage, *Permissions, A Survival Guide* is a unique handbook that anyone working in the visual arts will find invaluable, if not indispensable. When employees are made redundant they often have no idea about their rights, how to negotiate a severance package or get compensation and how to move on afterwards to a new job. *The Redundancy Survival Guide* will take you through what can often be a traumatic time, with step by step advice on establishing where you stand legally, planning future options, maximising the benefits available, assessing skills and lifestyle options and finding a new job. It will help you to feel reassured and see redundancy as an opportunity and a way of making positive changes to your life. Are you ready to strike out on your own? In today's competitive world, you need all the help you can get. *Essential Survival Guide* provides you with how-to and hands-on instruction to make life less of a chore and more of an adventure. Sections include: Getting through the Day: Setting goals, organization, and understanding essential documents Money, Money, Money: Learning about banking, credit, and debt; understanding taxes Getting Your Own Place: Finding the right roommates, resolving conflicts, and purchasing a home Wheels: Buying a car and purchasing car insurance; maintaining your new or used car And much more! Independent living is only a read away. Full of practical advice in an easy-to-use format, this book covers everything from sorting laundry (yes, you have to sort) to choosing a church. The concise chapters and quick tips will make the learning fun and easy to apply. America was founded on certain First Principles which are the critical underpinnings of our free society: the rule of law, unalienable rights, equality, the Social Compact, and limited government. Supported by extensive research and fuelled by a true passion and respect for the profound vision of America's Founding Fathers, Michael Warren proves how they have guided us in our journey to become the greatest and most free nation in the world. He exposes how our knowledge of our principles and history has eroded to the point of near non-existence—and that this is a threat to our survival much more serious than what may come to us from outside our borders. Warren proposes thoughtful and needed reforms to enable America to rise above the impending doom from within and reclaim the greatness envisioned by the Founding Fathers. A book to inspire the human rights advocates of a new world In this compelling analysis of the climate crisis and our current global challenges, Colombian-Australian human rights advocate Julian Correcha questions our social, economic and cultural assumptions and looks at why facing and rethinking these is crucial for our survival. "I know that soon, my daughter will look into my eyes and ask me what I did about climate change. I hope that this book inspires others - including our leaders - to consider how they too might answer such a question." Very Good, No Highlights or Markup, all pages are intact. A completely revised and updated values-based guide to navigating the first year of college that speaks to college students in their own language and offers practical tools that readers need to keep from drinking, sleeping, or skipping their way out of college. In the four years since its initial publication, *The Freshman Survival Guide* has helped thousands of first year students make a successful transition to college life. However, much has changed on campuses. The explosion of technology, ubiquity of social media, and culture changes have all added new layers of complexity to the leap from high school to college. *The Freshman Survival Guide's* updated edition features new research and advice on issues such as mental health, sexual assault, and finding balance. It also features expanded sections on dating, money management, and an increased focus on how the over 1.5 million incoming freshman can prepare themselves for the biggest change they've encountered in their lives: heading off to college. This study guide is a powerful tool for in classroom use and for preparing for exams. Each chapter of the guide includes study objectives, a chapter review consisting of 20-30 key points, and a demonstration problem linked to study objectives in the textbook. True/false, multiple-choice, and matching questions in it provide additional practice opportunities. Solutions to the exercises are detailed and therefore provide substantial feedback. Argues that the President's economic policy will lead the country to economic ruin and outlines a plan for monetary success and avoiding a bad financial fate during the crisis. "The first thing we do, we kill all the lawyers:" Shakespeare may have had a point, but the truth is, from time to time, we all could use a good attorney. This survival guide won't replace legal counsel, but by stating your rights plainly, it can help with some pretty weighty matters—including prenups, breaking apartment leases, immigration, and workplace discrimination. Ronald M. Benrey helps solve basic legal quibbles at home, at work, and even on vacation. He provides an understanding of central legal principles, explains key vocabulary, and helps readers to overcome familiar misconceptions. Answer all your pressing divorce questions with *The Divorce Survival Guide*. Facing a divorce can be overwhelming, as you confront complex questions about everything from finances to child custody to your emotional well-being. *The Divorce Survival Guide* walks you through every step of the divorce process with straightforward tips, techniques, and checklists. It outlines your legal, parental, and financial rights, and details common scenarios that may arise in the legal proceedings so that you can make informed and thoughtful decisions. Most important, *The Divorce Survival Guide* helps you through the complex emotional work of divorce, with tips on handling stress, and techniques for protecting and communicating with your children. *The Divorce Survival Guide* will be your practical guide to the divorce process, with:

- An easy-to-follow guide to the initial divorce steps, including how to understand divorce laws and your legal rights
- Information on protecting your finances, such as how to divide your property fairly, protect your credit, and uncover hidden assets
- A helpful quiz to find out whether you should get an attorney, from the editors of *The Divorce Survival Guide*
- Essential information for understanding custody, child support, and how to give your child emotional security
- Practical techniques for reducing stress, understanding the emotional stages of divorce, and dealing with mutual relationships

With *The Divorce Survival Guide: The Roadmap for Everything from Divorce Finance to Child Custody*, you'll have the invaluable tools you need to make the best financial, practical, and emotional choices throughout your divorce. T Danny Harper could never see himself as a one-woman kind of guy. As a teenager, he often had a girl on each arm, a beer in each hand and a betting slip in his back pocket. He graduated to become a gambling, drinking womanizer who could care less about settling down with anyone - anyone, that is, until he meets Sara Gillespie. Finally discovering the woman who makes his life worth more than poker chips and tequila shots, Danny throws aside his wicked vices of weekly nights with the boys (and the occasional party girl!) for a lifetime of for better or worse with the remarkable Sara. Follow the lives of Danny and Sara as they learn the ropes of what it's like to be married...with children. See how they manage to deal with the stresses, aches and pains of their first pregnancy while struggling to maintain control of their work, their relationship and, above all, their sanity. A lighthearted look at the most confusing time in a man's life, *The Male Survival Guide to Pregnancy* will entertain, if not enlighten! Lee Hobin is a financial advisor from Bolton, England, who always had the desire to become a writer. *The Male Survival Guide to Pregnancy* is his first published book. He has survived two pregnancies with his wife, Ruth, resulting in two wonderful daughters, Alexandra and Francesca. Coronavirus disease (COVID-19) is a new type discovered in 2019

and never diagnosed in humans. Corona virus is an animal exterminator, meaning transmitted between animals and humans. Have you read about the last pandemics that have affected us, and some of them that almost came our way? Did you know we are closer to viruses than we realise? Three popular books, now collected for the first time in one special edition! We live in a world that seems to be on the verge of coming apart. Shootings. Killer viruses. The threat of nuclear war. All of it is just too real. What is happening in our world today is moving Christians to return to the foundations of our spiritual existence. Believers everywhere must get back to what matters most. We must always remember our battle, at its most basic level, is spiritual. In The Prophecy Collection, popular Bible teacher Mark Hitchcock helps you discover spiritual insight and spiritual tools to understand what's happening—and to prepare for the future—through three important works: The End Times Survival Guide The Coming Apostasy (coauthored with Jeff Kinley) Russia Rising As we prepare for the Lord's coming, it's time to understand the biblical truths you need to know in order to face an increasingly decaying, darkening world. No matter what the future holds, anchor your spiritual health and welfare on the immovable rock of God's Word.
