In Book 2 of Primary Games, your child will find a book in LARGE PRINT that uses lower-cased lettering. This means, that after he has played all the puzzles, he will have a sense of mastery for the words he has been using. Here is what you will find in

Unlike many other puzzle books, this series offers your early learner total independence to play them without any assistance from you. It is a self-checking puzzle book that gives a child complete freedom to enjoy words he is learning and to check his answers all by himself easily. In Book 1 of Primary Games, your child will

find a book in LARGE PRINT that uses lower-cased lettering. Unlike most other game books, this one uses the SAME LIST of spelling words in each set of puzzle games. This means, that after he has played all the puzzles, he will have a sense of mastery for the words he has been using. Here is what you will find in this resource: 1. Using visually attractive picture images beside each spelling word, your child or student will have an illustration of the word he is learning to spell 2. These SAME spelling words are then used in the WORD SEARCH PUZZLE. Each puzzle only incorporates horizontal and vertical letter placement. Backward and diagonal lettering are not used to prevent confusion 3. The ANSWERS to each word search puzzle can be found on the BACK of the puzzle page, making it easy for your child to receive immediate feedback and any necessary help with his efforts 4. Next, the CROSSWORD PUZZLE incorporates the SAME spelling words your child has been playing with; however, instead of clues, the words are listed, making it fun for him to find the numbers and fill in the blanks 5. In the final puzzle game of the set, your child will get to test himself with a Fill-in-the-Blanks game that uses the SAME words he has been learning in the other puzzle games 6. And because of the large print, your child will have plenty of room to practice writing his letters, eliminating the frustration of spaces that are too small Through the use of REPETITION and learning to see the SHAPES of words by using lower-case lettering, your child will experience success and confidence--all without any supervision or help from YOU! And be sure to check out Book 2 of Primary Games for continued fun--for you AND your child! This Puzzle Book includes 100 crossword puzzles for seniors and adults. The New York Times crosswords: now in Large-Print format! Millions of fans know that the New York Times crosswords are the best in the world: - Easy to read: grid appears on one page, with boxes big enough to write the answers in without strain; clues appear on the facing page, in type large enough to read without squinting - Edited by crossword legend Will Shortz - Drawn from Monday through Saturday editions of The New York Times This crossword puzzle book contains 100 puzzles. Each puzzle is slightly different. The puzzle itself is on one page with the tips on the following page. Answer key is in the page of the book, three per page. There was no such thing as the crossword puzzle in ancient times. But the Greeks, Romans, and other peoples had a kind of word game called the word square that would lead to the invention of the crossword puzzle many years later. A word square is a group of three or more words arranged in a square, so that the words read across the same as they read down. During the 19th century, word squares appeared in newspapers and magazines in England and America. But they were printed in their completed form, not as a puzzle that the reader had to complete. Then in 1913, an editor at a newspaper, the New York World, was constructing a word square for a puzzle page. But he decided to make a puzzle out of it by leaving the words for the readers to fill in. And instead of having the words read down the same as they read across, he let the "across" words form different words when read "down." Called a "word-cross" at first, this was the world's first crossword puzzle. Crossword puzzles caught on quickly in America and England, and by the 1920s, they were in almost every newspaper in this country. Crossword puzzles are now the number-one indoor pastime in the United States, more than 30 million Americans do crossword puzzles regularly! The largest crossword puzzle ever
