A comprehensive reference and healing tool to address the emotional and psychological causes of illness • Uncovers the conflicted conscious or unconscious feelings, thoughts, and emotions at the root of nearly 900 ailments and diseases • Details a unique Integration and Acceptance Technique for accessing information through the heart and thereby starting the healing process for emotions and feelings • Provides positive affirmations to effect change for each ailment and disease What if your body used a secret language to talk to you? What if an ailment or illness was your body's way to shout for help, to make you understand that you need to change your thoughts, emotions, feelings, and behaviors? Your body wants you to become aware of the stress that you carry, conscious or not, so you can release unmanaged past and present emotions and the physical complaints that accompany them. Compiling years of research and the results of thousands of cases he encountered in his private practice and during workshops over the past 30 years, Jacques Martel explains how to read and understand the body's language of disease and imbalance. In this encyclopedia, he shows how body language reveals specific thoughts, feelings, and emotions that are at the source of nearly 900 different ailments and diseases. The author also details his Integration and Acceptance Technique, which enables healing information to bypass the brain and connect directly with the heart. This technique disables the source of the conflict, conscious or not, that could be at the root of an illness, behavior, or condition and improves the chances of true healing. This comprehensive manual offers a tool to help each of us become, to some extent, our own doctor or therapist, get to know ourselves better, and recover health and well-being physically, emotionally, mentally, and spiritually. For practitioners and therapists, this remarkable reference tool provides invaluable insights and prompts for healing. The world is filled with a lot of chemically made medications that are there to treat every disease under the sun. The negative aspect to all these drugs is the side effects that they come with. As a result of this a lot of people are now spending the time looking for solutions that our ancestors used to help with whatever ailment they have. They are looking to herbal remedies. "Herbal Remedies Bible: Life Saving And Healing Herbs For All Ailments" provides everything that you would be looking for in one place. The book provides a number of herbal remedies that can be used to alleviate the symptom of a number of ailments. The great thing about herbs is that they do not have debilitating side effects. The only drawback that some may find is that unlike the chemically prepared options it does take a bit longer to work and some people just are not prepared for that in the long run. This book is a must have in every household as a solution can even be found for the common cold. What the author is showing through this publication is that though we have made great progress technologically and otherwise sometimes, particularly when it comes to illness, simple solutions are better. For centuries, people all over the world have turned to natural remedies to fight common ailments such as colds, upset stomachs and toothaches. And the trend continues. Nearly 4 out of 10 adults have used some form of alternative remedy, according to a 2007 report from the National Center for Health Statistics. This eBook explores the following diseases and ailments and their recommended natural home remedies: ?TB(Tuberculosis) ?Knee Joint Pain ?Premenstrual Syndrome(PMS) ?Skin Cancer?Reversing Diabetes ?Breast Cancer ?Lung Cancer ?Cholesterol ?Oily Skin ?Arthritis ?Blocked / Stuffy Nose ?Genital Herpes ?Migraine Headaches ?Asthma ?Back Pain ?Home Remedies To Help Women Get Pregnant ?Removing Ovarian Cysts ?Erectile Dysfunction(Ed)– Male Impotence ?High Blood Pressure ?Heart Disease ?Natural Antibiotics ?Depression ?Boost Immunity ?Bronchitis ?Natural Birth Control Remedies ?Natural Pain Killers ?Improve Eyesight ?Puffy Eyes ?Ear Infections ?Stretch Marks ?Fight Wrinkles, Age Spots And Other Signs Of Aging ?Common Cold ?Natural Detoxification ?Menopause Relief ?Acid Reflux & Gerd ?Improve Memory ?Diarrhea ?Fever ?Strong Teeth And Gums ?Reverse Grey Hair Naturally ?Frequent Urination ?Obesity & Weight Loss ?Dandruff ?Dry Skin ?Cancer Causing Foods That You Must Avoid ?Colon Cleansing; and more Blackwood wrote several therapeutic texts, all of which have been a boon to the homeopathic profession. Many health problems can be prevented or alleviated through natural remedies. From Acne to Warts, this book gives clear explanations for dealing naturally with some 500 medical concerns. The areas of disorder are listed alphabetically and presented in terms of treatments and case histories. However, the book's focus is on prevention through maintaining a curative balance of the body's bio chemicals. Een boek dat confronterend is en heftige reacties oproept Dat lichamelijke klachten en psychische problemen zeer nauw met elkaar samenhangen, is inmiddels algemeen geaccepteerd. Maar de auteurs van deze klassieker gaan nog een stap verder en maken duidelijk dat alle ziekten verschijningsvormen zijn van één grote ziekte, namelijk het ongelukkig zijn van de mens. Hoofdpijn, infecties, stress, spierpijn, maagklachten, impotentie maar ook ziekten als kanker en hart- en vaataandoeningen zijn signalen die we moeten verklaren en waarvan we de betekenis onder ogen moeten zien. In die zin is dit een uiterst ongemakkelijk boek, want het ontnemt je de mogelijkheid om ziekte als alibi te gebruiken voor onopgeloste psychische problemen. In het eerste deel van De zin van ziekzijn gaan de auteurs in op de achtergronden en filosofie van het ziek zijn én beter worden. Vervolgens beschrijven ze de meest voorkomende ziektebeelden en -symptomen, de mogelijke oorzaken, met welke gevoelens en activiteiten ze samenhangen en wat we eraan kunnen doen. Hun boodschap: we zullen de confrontatie met onszelf moeten aangaan, willen we aan onze genezing kunnen werken. Op deze manier leren we zelf symptomen te interpreteren en als zinvol te aanvaarden: onze ziekte is een weg om onszelf te vinden en innerlijk te groeien. Dr. Rüdiger Dahlke (1951) verdiepte zich na zijn opleiding tot regulier arts in natuurgeneeskunde en psychotherapie. Hij leidt een holistisch gezondheidscentrum en geeft veel seminars en lezingen.

Hij schreef o.a. Ziekzijn: signalen van de ziel, waarin ziekten worden behandeld die in dit boek ontbreken. Thorwald Dethlefsen (1946-2010) was psychotherapeut en auteur van meerdere boeken op het raakvlak van spiritualiteit en psychologie. Hij was grondlegger van de reïncarnatietherapie en o.a. auteur van Esoterische psychologie. This is a reproduction of a book published before 1923. While people rush too often and too soon to doctors for diseases like diabetes and angina pectoris, they tend to take more familiar diseases for granted. Take the case of headache, for example. Perhaps all of us are aware of that friendly middle-aged lady in our neighborhood who gets a headache all too often and who takes a tablet of aspirin all by herself to relieve her headache. Such a practice is perhaps quite acceptable for a couple of occasions but by repeatedly doing it she may be suppressing the 'warning cry' of the body, trying to caution her of some serious disorder. There are a host of other common ailments which one tends to take for granted, yet which could be the early signs warning the sufferer of some grave disorder. There is a strong case then to know something about these common ailments. An attempt is made in this book to identify a few such common ailments and give some interesting information about them. There is yet another reason why we must know about them. Knowing something about our body and its common ailments is much like knowing our automobile and its common troubles. We may not be able to mend our automobile ourselves, but once we know about its working and its common troubles, we take care of our automobile more intelligently and use it in such a way that it 'falls sick' less often. Not only that, if it does 'fall sick', we can interact with the mechanic more fruitfully and more intelligently, and an unscrupulous mechanic would be hard put to take us for a ride. Almost the same function is served by knowing some common ailments of our body. These are the ailments which all of us suffer from day in and day out. Once we know more about them, we can ensure that we don't fall prey to them again and again, and if we do fall ill we could at least interact with our family doctor in a more meaningful way. This way we help our doctor by conveying to him more useful information and consequently help ourselves. It is hoped that by going through the pages of this book we would become more informed about our body and its working in health and disease. If, besides informing the reader, this book is also able to entertain and amuse the reader, its purpose would have been served. "Amazing Cures" is a remarkable treasury of proven, easy-to-use remedies for scores of ailments from A to Z. This classical book guide has been completely updated to put the information you need at your fingertips so you can live a longer, healthier and better life. Healing regimens for heart patients, stroke victims, diabetics, and arthritis sufferers with warnings about dangerous drug interactions and combinations. At present, the root causes of most chronic diseases are still unknown, and the drugs developed by pharmaceutical companies to treat chronic diseases actually treat only the symptoms rather than causes. The 'Vitamin and Ailments' guide provides a comprehensive overview of how vitamin and essential element therapies are the key to treating and preventing many of the chronic conditions. This book is a meta-analysis (combining data from multiple studies) that is currently the most reliable method for assessing the efficacy of vitamins or essential elements in preventing or treating chronic diseases. The curative power of plants and herbs has been recognized for thousands of years. In this informative reference book. herbalist Jill Nice provides tried and tested remedies and a wealth of inherited wisdom, based on a combination of local knowledge, psychology and a deep understanding of the value of herbs and plants. Herbal Remedies for Healing will appeal to the rapidly growing number of people who believe that we rely too heavily on over-the-counter drugs to cure the most common of ailments. Divided into an A-Z of common ailments -- from acne and insect bites to toothache and rheumatism, this book is a highly practical, informative and enjoyable guide to natural health and well-being. The recipes and treatments are clearly explained, safe to use, and consist of easily attainable ingredients, which can be used to cure and prevent illness. Herbal Remedies for Healing is for those who want to take a drug-free approach to caring for the family and for those who are just discovering alternative medicine. Excerpt from A Brief Treatise on Various Ailments and Their Treatment by Nature's Remedies A mode of self-treatment at home must have been a long-felt want by all well-regulated minds, and should be found exceedingly advantageous to those who have a desire to see and know what they are swallowing there will also be satisfaction in knowing that the ingredients being absolutely vegetable, are as harmless as they are beneficial. When an ailment stands out distinctive, the most likely means of cure is by a remedy specially adapted to it. Herbalists have full permission to prescribe and sell the ingredients of the prescriptions in this book, but must understand that this book is Copyright, and proceedings would follow an infringement of its contents. One of the many strange effects of the 2020 pandemic has been to make us much more vigilant about the state of our health in general and about minor symptoms in particular. And this, in turn, has made us more conscious that we all feel slightly out of sorts a great deal of the time; maybe even every day. This book is not about what happens when we're ill with something sufficiently serious to send us to the doctor or confine us to bed. Instead, it focuses on the multitude of mild, irksome, distracting illnesses, aches and pains with which we all put up with constantly. Covering 120 ailments, Graham explains the latest scientific thinking about everything from blackheads to chilblains; dead legs to haemorrhoids; ear wax to hiccups; and hay fever to heat stroke. It's a mixture of science and history, with a light touch, and provides practical information about each ailment for the reader. An instantly accessible, user-friendly, go-to guide to nutrition, this will become an invaluable resource in every home. Author Dale Pinnock is the Medicinal Chef and with his practical, authoritative advice, everyone can cut down on the family's common medical complaints, trips to the doctor, expensive medication and confusing health books. The book will begin with an indispensable alphabetical reference guide to common medical complaints – applicable to age groups from babies to the elderly – such as eczema, acid reflux, menstrual cramps, constipation, high blood pressure, fatigue and more. The second part of the book presents a list of the ingredients that will help you tackle specific ailments. The third part of the book addresses the key stages of life and outlines which basic nutritional rules you need to follow at different ages to maximise your wellbeing and help prevent illness. Other highlights of the book include an accessible look at vitamins and supplements – whether you should take them, when you should avoid them, and how to use them safely. Many times, you may fall prey to a disease, and then you have to go hunting for the nearest pill in order to “cure” it, but this book is going to tell you all about a large number of ailments and diseases out there, and how people have been preventing those ailments from occurring through natural remedies, down the ages. Nowadays, most of us consider ourselves very lucky because we have state-of-the-art medical technology in order to take care of our health. However, these diseases are still present, even though the medicines to take care of them are supposedly easily available to you either over the counter or prescribed by your doctor. And many times you find out that even though you have taken that medicine, you have not quite managed to throw off the symptoms of that disease or even that infection. So this book is for all those people, who find themselves suffering occasionally from a number of ailments, and wondered just how they managed to get ill. All these ailments could have been prevented with a little bit of judicious usage of spices, herbs, vegetables, fruit, and other natural easily available products. • Explains the 7 simple steps of the Little Stick Figures Technique and how to achieve maximum results and lasting changes • Provides more than 150 examples of successful uses of this method, including how to improve relationships, how to attract your soulmate and abundance, how to resolve problems at work, and how to detach from a toxic situation • Details a general cleansing and rebalancing protocol for your conscious and unconscious programming ARE YOU LOOKING TO DETACH from an unhealthy situation or a person in your life and regain inner freedom with unconditional love?
