Skyhorse Publishing, as well as our Sports Publishing imprint, are proud to publish a broad range of books for readers interested in sports—books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. Whether you are a New York Yankees fan or hail from Red Sox nation; whether you are a die-hard Green Bay Packers or Dallas Cowboys fan; whether you root for the Kentucky Wildcats, Louisville Cardinals, UCLA Bruins, or Kansas Jayhawks; whether you route for the Boston Bruins, Toronto Maple Leafs, Montreal Canadiens, or Los Angeles Kings; we have a book for you. While

not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home. All parents will tell you they learn as much from their children as their children learn from them. This truth is poignantly captured in *Raising Dad: What Fathers & Sons Learn from Each Other* by father-son authors Thom and Art Rainer. It was Art's idea to write from a grown child's perspective this tribute to his father's successes as a parent. Inviting his father Thom to write postscripts to these reflections, another tender truth emerged. Dad's memories about his own performance aren't nearly as rose colored, giving those who read the book great inspiration to never stop growing and learning as a parent. All told, *Raising Dad* shares unforgettable lessons about faith, friendship, commitment, honesty, priorities—all the things that matter most in life between parents and children. Indeed, when is something actually at that moment everything.

**ABOUT THE BOOK** *Worries Can Eat You Up- Be Careful Of These Ants*. Yes Worries can surely eat you up. The only way out is to be careful of these ants. Worries are like Ants all the time eating our head and brain and making us an empty minded fellow. We need to be bold and be strong. It is said that worry is purely our own matter. Though it has got something to do with our external circumstances. But there are certainly some positive factors within us that keep us happy and there is something negative within us also which keep us unhappy. Happy living through positive and good thoughts, is nothing more than that of living a normal life free from undue pressures, problems and tensions. If we want to live a good and happy life then we need to get rid of the negativity within us which makes us unhappy. Negative approach always complicates the problems and increases unhappiness. Most of us do the fatal mistake of looking outwards for happiness rather than looking inwards. Be positive, be strong, be bold and be courageous you are sure to find the feeling of happiness within you. Even if we are having a bad day, think of some good things that may come our way, either later that day, tomorrow, next week, or next moment. When everything seems to be beyond our control, it's almost too easy for us to slip into the grasp of negativity and unhappiness. To avoid sadness we must strive to abolish this sort of thinking through the power of thinking positively and generate the feeling of happiness within us. The art of sweet living is not a complicated kind of art difficult to learn rather a simple art of happy living feeling well, eating well, and thinking well. What we need to do is just to tune up our mind to enjoy every moment of life and let the sweet happiness follow us. This is something that needs to be looked into thoroughly. We need to focus on the positive aspects of lives, rather than on the negative setbacks and enjoy every moment of life happily and merrily. Enjoy your life with cheerful talks. Be happy and cheerful. We must remember that happy living is the reward of sweet and positive thinking. We ought to remember, only the positive thinking can bring

happiness in our lives. If we cannot think positively, you cannot live happily. Be our own teacher or adviser we ought to look everything with a positive angle. Let us find something good even in most critical moments of our life and let us make positive thinking the basis of our happy living. It's a matter of thought that fools worry about the circumstances on which they have no control. The wise live on positive good and happy thoughts. A sound and positive happiness is all around. It's not far away from us. If we do not want to live happy, it's up to us. It's our own choice. We must not blame others, nor should we blame our fate or external circumstances. Another thing is that feeling confident affects the way we perceive our situations and how we decide to manage them

The sister of “La Diva de la Banda”—legendary Mexican-American singer Jenni Rivera—opens up for the first time about Jenni’s untimely death and her own triumph over abuse and addiction. Growing up as the youngest Rivera, Rosie was surrounded by unconditional love, support, and affection. There was nothing that her family wouldn’t do for her, especially her sister Jenni, who was the most important thing in the world to Rosie. With her strong will and a solid foundation, Rosie was set to conquer the world. Yet life would take a drastic turn when Rivera was scarred by sexual abuse within her family at a very young age. Living in fear and confined by painful secrets, she was plagued with constant threats, confusion, and pain. Not only was she stripped of her childhood and innocence, but she was also robbed of her confidence and self-worth. Feeling completely shattered and lost, Rivera plunged into a world of damaging habits and deep depression. For the first time ever, and with unflinching candor and courage, Rosie shares the traumatic details of her abuse and the daily struggle to live and how, through faith and the love of her family, she found life once more. Yet Rosie’s life would be severely impacted once again as the worst tragedy imaginable hit and her biggest fear came to reality—the death of her beloved sister. Equally harrowing and uplifting, Rosie’s story is a true testament to beating the odds and proves that despite the worst of times and no matter how many more challenges life has in store, it is always possible to pick up the pieces and find the strength and purpose to dream and live again.

While there is considerable literature on social inequality and education, there is little recent work which explores notions of difference and diversity in relation to "race," class and gender.

This edited text aims to bring together researchers in the field of education located across many international contexts such as the UK, Australia, USA, New Zealand and Europe. Contributors investigate the ways in which dominant perspectives on "difference," intersectionality and institutional structures underpin and reinforce educational inequality in schools and higher education. They emphasize the importance of international perspectives and innovative methodological approaches to examining these areas, and seek to locate the dimensions of difference within recent theoretical discourses, with an emphasis on "race," class and gender as key categories of analysis. Each moment is an opportunity to further the growth of your mind and the growth of your spirit. Will you choose to evolve or choose to regress? Don't be weighed down by illusions of despair, anxiety, depression or anger. These so-called devils strip from you the moment and the experience, making you see it through their eyes, filtering out all positive or evolvment opportunities. Do not view your current reality through the eyes of an illusory self. Wake up from the dream of reality. It is not existing independent of your experience. It relies on your experience to become. It's not until you integrate the outside reality into your psyche that an experience takes place, but it's filtered by all of the chemicals that revolve around your remembered experiences. This means that it sees what it remembers to be true and real. This is the illusion you must break. What's real is now. The moment. Everything in the past was once the moment and everything in the future will eventually be the moment. Everything else is an illusion that you were programmed to believe from the beginning. Well, it's time for an upgrade. The second book of Lauren Barnholdt's exiting Moment of Truth series: three books, three girls, one life-changing senior trip. When the email arrived in Quinn Reynolds's in box on the morning of her flight to Florida, she sent it straight to her trash folder. The last thing Quinn needed was to be reminded of the pact she made with her ex-best friends—the one where she promised she would do something crazy before graduation. But that was before everything on the trip went wrong. Now, after a lifetime of playing it safe, Quinn figures that she might as well get a little wild...after all, what does she have to lose? When Abram, a local boy she met on the beach, asks her to hang out, she says yes. But while a vacation romance could be the best way to fulfill the pact, it might be the worst thing for her heart.... Each book in this trilogy is told from the perspective of a different girl—Lyla, Aven, and Quinn—former best friends who, back in freshman year, wrote emails to their future selves about the one thing they hope to accomplish before they graduate. Over the course of the series, each girl will learn about life, love, and the truth about the fight that ended their perfect friendship. Spiritual awakenings, whether quiet and subtle or dramatic and breathtaking, are deeply personal events. More than half of us have undergone a spiritual transformation, each unique and life-changing. We may only have a moment or two to act or we may have a few months to sort things out. We may curse the gods or sink to our knees in gratitude.

The circumstances vary but two things are certain. One, our life is about to change. And two, it's a day we will not soon forget. *Sixty Seconds* is an uplifting collection of intimate, heartfelt stories from prominent people who graciously share their personal experiences with the profound. Their moving, life-altering interviews powerfully illustrate that sacred moments of illumination and insight are available to us all. *Moments to Memories* is a collection of stories, poems and quotes written by 24 authors. It is an anthology that takes every reader on a journey emphasizing the title. Moments that pass and turn into Memories. And Memories that live with you in the present. This Book is a little endeavour to stitch together every moment you wish to relive again and every memory you embrace with all your heart. The Team of Authors have come together so that our little gift- this book of words dancing to the tune of rhythms will be there with you, always. This second book of the Real Magic series continues to explore the ancient Hermetic Teachings as "A mental art—the art of using consciousness itself as the tool for creating changes in consciousness." What does the Hermetic axiom "as above, so below" really mean? The relationship between macrocosm (above) and microcosm (below) is the key to the Hermetic Teachings. Macrocosm refers to the Eternal Reality of Light; the realm of God. Microcosm is its reflection; a fragmentation of Light; the world of human existence and human ego. The core of the Hermetic Teachings for centuries has been focused on transforming the fragmented body of Light in human consciousness and uniting below with above. Janna Hargrove's life wasn't a fairy tale, not even close. She'd never imagined her life would have its happily ever after moment. Until she met Ryan. The moment their eyes met, everything changed. She knew he was the one -

he was the happily ever after she deserved. Five years into their two-year plan, Ryan finally popped the question. The moment was everything Janna had dreamed of. She had the man, the ring, the wedding date, the house, the career and the plan for 2.5 kids living in suburbia bliss. Everything was just as she'd always dreamed, designer dress and all. Everything she'd ever wanted was within reach. Until it wasn't. Happiness doesn't come without a price. Rosemary Young knows the Lane. It's where she grew up, raising a brother barely younger than she was. It's where she served drinks, wearing a gaudy uniform in a low-lit bar to support her mama. It's where she fell for a boy from the wrong side of the tracks. Brandon Williams might've had a taste for gambling and been headed nowhere fast, but something about him made her almost forget every promise she ever made. These days when Rosie walks the Lane, it's on the orders of the man who owns it. The man who owns her—Joshua King. A bet gone wrong ties her to him, serving as the collateral Brandon didn't have. For Brandon the guilt is a white-hot brand, but Rosie can't bring herself to regret it completely. The safety of those she loves is worth the sacrifice. Now King's called Brandon back to town early and given Rosie one last job to do before they're free. Nothing—not even King—will keep Brandon from Rosie, not after three years of simply existing without her. And before it's all over, everything that had been done in darkness will come to light and nothing in their lives will ever be the same again.

powerful tale of love, loss, and redemption *In Every Moment We Are Still Alive* tells the story of a man whose world has come crashing down overnight: His long-time partner has developed a fatal illness, just as she is about to give birth to their first child ... even as his father is diagnosed with cancer. Reeling in grief, Tom finds himself wrestling with endless paperwork and indecipherable diagnoses, familial misunderstandings and utter exhaustion while trying simply to comfort his loved ones as they begin to recede from him. But slowly, amidst the pain and fury, arises a story of resilience and hope, particularly when Tom finds himself having to take responsibility for the greatest gift of them all, his newborn daughter. Written in an unforgettable style that dives deep into the chaos of grief and pain, yet also achieves a poetry that is inspiring, *In Every Moment We Are Still Alive* is slated to become one of the most stirring novels of the year.

In the first book of Lauren Barnholdt's captivating *The Moment of Truth* series, Lyla discovers that trusting her head might be easy but trusting her heart is a whole other matter. Lyla McAfee had all but forgotten the email that she wrote to herself freshman year and scheduled to be delivered right before graduation—the one promising that she'd learn to trust by the end of senior year. But when she receives it the first morning of her senior trip to Florida, her life is sent into a tailspin. Soon she's questioning her seemingly perfect relationship with her boyfriend, Derrick, her attraction to the school player, Beckett, and whether ending her friendship with Aven and Quinn, her former BFFs, was one of the biggest mistakes of her life. Each book in this trilogy is told from the perspective of a different girl—Lyla, Aven, and Quinn—former best friends who, back in freshman year, wrote emails to their future selves about the one thing they hope to accomplish before they graduate. Over the course of the series, each girl will learn about life, love, and the truth about the fight that ended their perfect friendship. It's a moment everyone dreads: that moment before death. But what if it's just an ordinary moment when nothing happens? What if it's no different from any other moment in life, when a dying person can't even tell what's coming? That moment could attract no emotional upheaval at all.

*A Blissful Moment of Nothingness* is a story about the past and the future. Everyone has a past, but Margaret Young is not someone who dwells on history, whether it's personal or that of a place. She's someone who'd rather live in the present. Raised in Hong Kong, Margaret is forced by circumstances to revisit the past to make sense of her present. By recounting major events in her life, she comes to better understand herself and the people around her. She also comes to terms with the invisible power that is larger than life: the something that decides her fate and that of the people she loves. Margaret sympathises with the young people in Hong Kong who are becoming disillusioned with life. They want to be in control of their destiny beyond 2047, when the city's "one country, two systems" status expires. What is Margaret's future during this political turmoil, and what is in store for the people in Hong Kong? Fascinating journey explores key concepts in

information theory in terms of Conway's "Game of Life" program. Topics include the limits of knowledge, paradox of complexity, Maxwell's demon, Big Bang theory, and much more. 1985 edition. In the new novel from the bestselling author of *The Earl I Adore*, May Bradford isn't afraid to play devil's advocate when it comes to a duke.... After her mother's death, May's sea captain father sends her halfway around the world to live with his stodgy sister in England. The summer festival in Bath made for a lovely distraction, but now she can't wait for her father's return so she can leave this country, its suffocating rules, and one infuriatingly proper nobleman in particular behind. Because he is the Duke of Radcliffe, William Spencer's whole life revolves around his duties. He never steps foot outside the bounds of proper behavior, and he expects the same of those around him. With her devil-may-care ways, May vexes him nearly as much as she tempts him, but there's something about her that he just can't resist. He knows he's falling hard for her, but with lives that are worlds apart, will they ever be able to find any common ground? We all go a little crazy sometimes... Jasmine has spent five years underground, locked in a secret government bunker. Outside, the world has gone to hell, a mysterious virus killing all but 1 in 20 of the world's population. Jasmine's rescuers, the pirate rulers of the New Caribbean, don't care. They need Jasmine's help to discover what it is that has turned the inhabitants of Cuba into rabid killers. Jasmine's quest to find a cure for this new plague, as well as for her own madness, draws her across the fractured continent of America and into the darkest recesses of her own past. *Be Patient Everything Es To You In The Right Moment Notebook* The final chapter of the survivors story, they face the end knowing what comes. What makes that momentary but long-lasting difference? God shows up to participate in our lives and performs a miracle, speaks words of peace, gives new direction, or whatever else the Creator of the universe chooses to do. But in those defining moments, virtually everything changes; the impossible becomes possible. Why? Because God is God, and He still rules His universe. The God who created all things can accomplish more in His defining moment than we can accomplish in a lifetime. After all, according to Genesis, He created the heavens and earth, including man, in just six days and rested on the seventh. From that truth, one would draw an obvious conclusion that what we do is not going to impress God; but when He acts in our behalf, it will always astound us. We serve an awesome God! Those times are kairos moments. For twenty-five years, Pastor B.W. Hambrick has pastored the people of the Ephrata Church of the Nazarene, Ephrata, Pennsylvania. Changed lives, culture change, renovations, new buildings, even relocation have all been part of the ongoing movement of the church. There have been many events that have defined the church and Pastor Hambrick's ministry, but nothing has defined it quite like those unique moments, those kairos moments, when everything changed for the better. Nothing, absolutely nothing, can explain the stories shared here, except the immediate intervention of God.
