No matter where you are in life, you are not yet all you can be . . . At some point, virtually everyone finds themselves struggling to find their way in life. Perhaps you're just starting out and haven't yet found your personal or professional path. Maybe you've been plugging away for years, trying to live someone else's dream. Maybe you're outwardly successful but plagued by a nagging, soul-level sense of dissatisfaction. Carly Fiorina, who started as a secretary and later became the first female CEO of a

Fortune 50 company, can help. Carly Fiorina believes beyond a shadow of a doubt that your potential can be unleashed. In the Find Your Way Discussion Guide, she will show you the path to getting there. This volume seeks to advance the study of ancient magic through separate discussions of ancient terms for ambiguous or illicit ritual, the ancient texts commonly designated magical, and contexts in which the term magic may be used descriptively. Sublieme opvolger van Moeders Zondag Brighton, 1959. Het theater aan het einde van de pier heeft sinds jaren niet zo'n goed zomerseizoen gekend. Ronnie, een briljante jonge illusionist, en Evie, zijn oogverblindende assistente, zijn de sterren van de show en zorgen avond aan avond voor volle zalen. Jack Robinson is de bij iedereen geliefde presentator, een geboren entertainer die de hele voorstelling draagt. Terwijl de zomer vordert, voltrekt zich buiten het zicht van het publiek tussen hen drieën een drama dat een schaduw werpt over hun succes en dat ieders leven ingrijpend en voorgoed zal veranderen. Een rijk en levendig, maar ook verpletterend verhaal – een meesterstuk van literaire tovenarij dat veel onthult over de menselijke conditie. Today's increasingly interconnected and globalized world demands that students be taught to appreciate human diversity and recognize universally held values and beliefs. Authentic, culturally based folktales can lay the foundation for this cultural understanding. Professional storytellers including editors Sherry Norfolk and Lyn Ford are deeply committed to bringing people together through story. In this book, they have identified a group of culturally diverse storytellers whose carefully researched tales authentically reflect the cultures from which they come. The book includes well-crafted, culturally authentic folktales contributed by storytellers of varying cultures and ethnicities. Commentaries from the contributors follow each tale, reflecting on the story and

its significance to the culture it represents. Sets of questions for teachers and librarians also accompany each story to facilitate discussion. Teachers, librarians and information specialists find that the stories engage students' attention and empathy. The commentaries provide insights into the significance of cultural norms, customs, and beliefs represented in the story, and the discussion questions and guides help them drill down with students to achieve deeper understanding. Resource lists of additional relevant materials at the end of each section promote continued learning. Folktales are engaging, non-didactic and entertaining – they captivate student attention while allowing them to explore other cultures and value systems. Provides commentaries that offer insights into the significance of the cultural norms and beliefs represented in each story Includes thoughtful and effective discussion questions and guides that save librarians and teachers time Offers resource lists of relevant materials for further study The summary of *Into the Magic Shop – A Neurosurgeon's Quest to Discover the Mysteries of the Brain and the Secrets of the Heart* presented here include a short review of the book at the start followed by quick overview of main points and a list of important take-aways at the end of the summary. Into the Magic Shop by James R. Doty | Summary & Analysis Preview: In his memoir *Into the Magic Shop* Dr. James R. Doty describes how simple meditative techniques have had a profound effect on both his personal and professional paths. His account traces his evolution

from troubled child to struggling student to distinguished neurosurgeon, including his tenure as the CEO of a billion-dollar company. From the vantage of his current role as the founding director of a compassion-research center at Stanford University, he reflects on the ups and downs of his life so far. He begins with a detailed account of one summer that changed his life. In 1968, up-and-coming eighth-grader James Doty went by "Bob" and lived with his impoverished family in Lancaster, California, a small town about 70 miles north of Los Angeles. Bob was a caretaker, not just for himself, but also for his mother, who was depressed; his father, who was a violent alcoholic, and his brother, who was frequently bullied by other kids...

"It's not the magic that makes it work; it's the way we work that makes it magic." The secret for creating "magic" in our careers, our organizations, and our lives is simple: outstanding leadership—the kind that inspires employees, delights

customers, and achieves extraordinary business results. No one knows more about this kind of leadership than Lee Cockerell, the man who ran Walt Disney World® Resort operations for over a decade. And in *Creating Magic*, he shares the leadership principles that not only guided his own journey from a poor farm boy in Oklahoma to the head of operations for a multibillion dollar enterprise, but that also soon came to form the cultural bedrock of the world's number one vacation destination. But as Lee demonstrates, great leadership isn't about mastering impossibly complex management theories. We can all become outstanding leaders by following the ten practical, common sense strategies outlined in this remarkable book. As straightforward as they are profound, these leadership lessons include: Everyone is important. Make your people your brand. Burn the free fuel: appreciation, recognition, and encouragement. Give people a purpose, not just a job. Combining surprising business wisdom with insightful and entertaining stories from Lee's four decades on the front lines of some of the world's best-run companies, *Creating Magic* shows all of us – from small business owners to managers at every level – how to become better leaders by infusing quality, character, courage, enthusiasm, and integrity into our workplace and into our lives.

Deel 1 van de *Schemering-trilogie* V.E. Schwab is een meester in het oproepen van nieuwe werelden en doet denken aan J.K. Rowling en J.R.R. Tolkien. De *Schemering-trilogie* werd door *The Guardian* en *Waterstones* uitgeroepen tot een van de beste fantasyboeken van het jaar. De meeste mensen kennen maar één Londen. Wat bijna niemand weet, is dat er vier verschillende Londens zijn. Grijs Londen: vies, saai en zonder magie. Rood Londen, waar magie wordt vereerd en de Maresh-dynastie heerst over een welvarend rijk. Wit Londen, waar men vecht om controle over de magie. En ooit was er Zwart Londen – maar daar heeft niemand het meer over. Kell is een zeldzame magiër die tussen de verschillende versies van Londen kan reizen. Als hij in Grijs Londen zakkenroller Lila ontmoet, is dat het begin van een avontuur dat ze naar alle uithoeken van de stad brengt. Maar gevaarlijke magie

ligt op de loer en het verraad achtervolgt hen. Om alle werelden te kunnen redden moeten Kell en Lila in de eerste plaats in leven zien te blijven, en dat blijkt lastiger dan gedacht. De pers over V.E. Schwab 'Het mag Schemering heten, maar de magie schittert van licht en leven.' Brian Staveley 'Een ingenieus en intelligent verhaal.' Booklist 'De kleuren van magie is een juweel van een boek, onbetaalbaar en helemaal zijn eigen, onovertroffen categorie fantasy.' io9 'Iedereen zal genieten van dit wervelende avontuur met zijn slimme held en brutale heldin.' Kirkus Reviews 'Fenomonaal.' SF Signal 'Betoverend.' Starburst De zusjes Gillian en Sally Owens worden opgevoed door hun wereldvreemde tantes, die de meisjes ontzag voor de natuur bijbrengen en en passant ook nog wat hekserij... Eenmaal volwassen gaan de zusjes ieder hun eigen weg. Vele jaren zijn verstreken als op een dag Gillian voor Sally's huis stopt, met achter in haar auto het lijk van haar minnaar, James. Ze begraven zijn lichaam in de achtertuin, maar de geest van James blijft spoken. Uit angst dat het lijk wordt ontdekt, doen Gillian en Sally een beroep op de magische praktijken van hun tantes. Magische praktijken is een heerlijke roman over magie en echte liefde, over families en dagelijkse betoveringen. When our students enter middle and high school, the saying goes that they stop learning to read and start reading to learn. Then why is literacy still a struggle for so many of our students? The reality is that elementary school isn't designed to prepare students for Othello and Song of Solomon: so what do we do? Love and Literacy steps into the classrooms of extraordinary teachers who have guided students to the highest levels of literacy. There is magic in their teaching, but that magic is replicable. It starts with a simple premise: kids fall in love with texts when they understand them, and that understanding comes from the right knowledge and/or the right strategy at the right time. Love and Literacy dissects the moves of successful teachers and schools and leaves you with the tools to make these your own: Research-based best practices in facilitating discourse, building curriculum, guiding

student comprehension and analysis, creating a class culture where literacy thrives, and more Video clips of middle and high school teachers implementing these practices An online, print-ready Reading and Writing Handbook that places every tool at your fingertips to implement effectively Discussion questions for your own professional learning or book study group Great reading is more than just liking books: it's having the knowledge, skill, and desire to experience any text in all its fullness. Love and Literacy guides you to create environments where students can build the will and wherewithal to truly fall in love with literacy. From the critically acclaimed author of Natalie Tan's Book of Luck and Fortune comes a new delightful novel about exploring all the magical possibilities of life in the most extraordinary city of all: Paris. Vanessa Yu never wanted to see people's fortunes—or misfortunes—in tealeaves. Ever since she can remember, Vanessa has been able to see people's fortunes at the bottom of their teacups. To avoid blurting out their fortunes, she converts to coffee, but somehow fortunes escape and find a way to complicate her life and the ones of those around her. To add to this plight, her romance life is so nonexistent that her parents enlist the services of a matchmaking expert from Shanghai. After her matchmaking appointment, Vanessa sees death for the first time. She decides that she can't truly live until she can find a way to get rid of her uncanny abilities. When her eccentric Aunt Evelyn shows up with a tempting offer to whisk her away, Vanessa says au revoir to California and bonjour to Paris. There, Vanessa learns more about herself and the root of her gifts and realizes one thing to be true: knowing one's destiny isn't a curse, but being unable to change it is.
